EAE USA at a Glance

Since 1973

EAE Group of Companies started its journey in the electrical sector in 1973 with the establishment of EAE Elektrik. Since its founding, EAE has grown rapidly, expanding its production and areas of operation by incorporating EAE Lighting in 1983, EAE Machinery in 1996, EAE Electrotechnics in 2004, and EAE Technology in 2009.

EAE carries out its production activities in accordance with ISO 9001 Quality Management, ISO 14001 Environmental Management, ISO 14064-1 Greenhouse Gas Management System, ISO 45001 Occupational Health and Safety Management, ISO 10002 Customer Satisfaction Management, ISO 50001 Energy Management System, and ISO 27001 Information Security Management System standards.

About EAE USA Inc.

EAE USA Inc. was founded in Atlanta, Georgia in 2019 and is the newest company in the EAE Group family. EAE USA Inc. is focused on providing excellent sales, service and engineering support to its customers and continuing the long-standing tradition of excellence inherited from EAE Electric.

EAE USA Inc. has the full support of the EAE Group when it comes to the global production of Busway Power Distribution Systems (25A.... 6300A), Trolley Busway Systems, Fit-out Solutions, Cable Management Systems and other EAE Group products and solutions throughout the USA.

EAE USA Inc. is more than capable of supporting the most demanding projects and critical power environments. We thrive on supporting customers when electrical system failure is not an option.

Our customers are Data Centers, Healthcare, Oil and Gas, Automotive, Transportation Infrastructure, Metro and Tunnel Construction, and Energy Utility companies with a wide variety of projects where quality and flexibility are demanded from the electrical distribution system.

*We are eager to work with you on your next project.
Contact us today to get started.*

EAE PRODUCT TYPES

- Busway Power Distribution Systems (25A.... 6300A)
- Trolley Busway Systems
- Fit-out Solutions
- Cable Management Systems
- LED Lighting Systems

DABLINE
Underfloor Busway
Systems (63A/80A)

ELINEMK
Air Segregated Busway Power
Distribution Systems
(100A-160A-225A-250A)

ELINEURC
Uni-Rail Conductor
Busway Systems (90A...1000A)

ELINEKO-II
Air Segregated Busway Power
Distribution Systems (160A...800A)

REVOLED-X
High bay - Low bay LED Lighting

ELINEDL
25A-32A-40A
Low Power-Lighting
Busway Systems

ELINEKX
Compact Busway Power
Distribution Systems (400A...6300A)

Know-How

- Manufacturing busway systems since 1973
- Exporting to 150+ countries with more than 30.000 global references
- Wide range of busway systems
- Local partners and EAE engineers are experienced in design, site measurement, installation, supervision and testing

Reliability

- CB Test Certificate
- Kema-Keur programme
- Halogen Free & Fire Resistant
- Interlock mechanism for plug in tap off boxes
- ISO 9001, 14001, OHSAS 14001 (ISO 45001), 27001, Green Guard, CPR

Flexibility

- Custom made special modules & solution
- Patented Easy Busway software with 3D isometric drawings
- Revit Library
- Scable Tap Off Boxes

Delivery

- 3-4 weeks ready to dispatch time
- Emergency production in 48 hours
- Easy access to Europe, Central Asia, the Middle East, and North Africa due to Turkey's location

SUSTAINABLE FUTURE

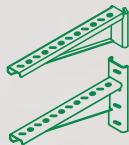

Sustainability Management at EAE Elektrik

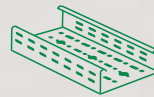

As part of our goal to support sustainable development and green transformation, measuring, evaluating, and managing all economic, environmental, and social impacts resulting from our sustainability practices is a key governance priority for EAE Elektrik. We act with great care in analyzing, monitoring, and managing the economic, environmental, and social impacts and risks that arise throughout our value chain in both our national and global operations.
